Customer Refund Policy

Day 8 RAG practice document

1. Overview

This policy explains when customers can return products and request refunds. Our goal is to make returns simple, fair, and consistent.

2. Return Eligibility

Customers may request a return within 30 calendar days of delivery. Products must be unused, undamaged, and returned with their original packaging. Items marked final sale are not eligible.

3. Starting a Return

Customers should sign in to their account, open Orders, select the relevant order, and choose Request a Return. A prepaid shipping label will be emailed after the request is approved.

4. Refund Processing

After the returned product reaches our warehouse, the inspection team usually completes its review within five business days. Approved refunds are sent to the original payment method. Banks may take another three to seven business days to display the credit.

5. Exceptions

Damaged or incorrect products should be reported within 48 hours of delivery. In these cases, customers may be offered a replacement or a full refund, including standard shipping charges.
